## Community Partnership Highlight

KidsQuest Children's Museum partnered with local Boys and Girls Clubs to bring programming to students and families experiencing homelessness. This programming ensured that students did not have a gap in their afterschool care, no matter their living situation.

KidsQuest Educator, Chris, visited sites and would also leave additional materials for the students to interact with.

### Partnership Highlights:

- 4-year grant-based opportunity.
- KidsQuest visited 4 sites twice a month for the past 8 months.
- Served over 132 students, with more than 100 of them utilizing the program multiple times.
- KidsQuest created circuit-based programming for this outreach opportunity.

## KidsQuest Kindness Corner

Former staff member, Sarah, recently took some time to chat with the Development team about how KidsQuest has impacted her parenting. It's a touching and realistic story that we hope parents can relate to.

## Behind the Scenes with KidsQuest's Visitor Services Department Community Impact

KidsQuest Children's Museum has partnered with **NISO Programs**, an organization that promotes the development of healthier and stronger communities. The Visitor Services Department, which oversees our Membership program, is providing scholarships to Latinx families living at or below the poverty line in King County. **49 families redeemed \$10,000+ worth of scholarship memberships in the first 3 months** of the partnership, giving **over 180 people free access to Museum offerings**.
